Education Programs Group
Leave No Trace Center for Outdoor Ethics
PO Box 997 Boulder, CO 80306

Attn: Jason Grubb, *Education Programs Coordinator*

Dear Group,

I wanted to take this opportunity to thank you for honoring me with an award of a \$250.00 scholarship toward my Leave No Trace / Outdoor Ethics Master Educator Course.

This course will assist me in taking the Leave No Trace / Outdoor Ethics message to users of our natural resources wherever I can. Everyone who uses and deals with out natural resources need to understand how very special and fragile they are. Everyone must learn that it is up to us, as users, to protect and wisely use these resources.

Living here in East Tennessee amidst some of the most beautiful mountains and rivers in the South, the Leave No Trace / Outdoor Ethics message is vitally important to all of us. The beauty of these hills and rivers depend on us to maintain and protect.

I have been in touch with the state Leave No Trace / Outdoor Ethics Advocate for Tennessee, Nick Myers, and I am looking forward to working with him in upcoming classes he is scheduling.

If any other instructor or group in the areas of North Georgia, North Alabama, North East South Carolina, or Western North Carolina need assistance please send them my name and contact information and if possible I would be more than happy to assist with training.

Once again thank you for this recognition and assistance and I look forward to reporting on how our training is developing throughout the area.

Respectfully yours

Wayne Hannah
